

Chqbook – ICICI Connected Banking

Registration and Activation Guide

You can connect your ICICI Bank current account to Chqbook by following these simple steps:

1. Download Chqbook App on your mobile phone from Playstore.
2. Register to Chqbook Financial Control Centre with your mobile no.

3. To Apply for Banking –

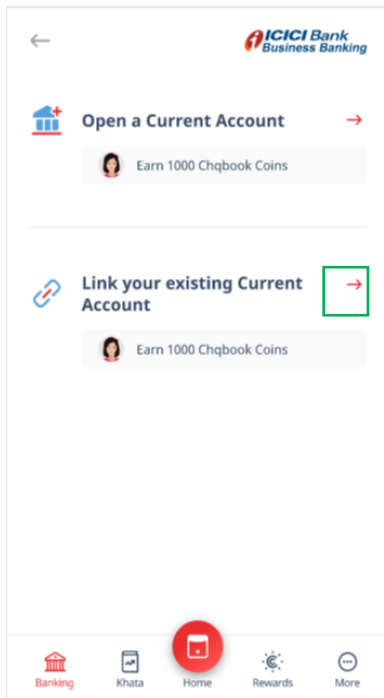

3.1 If you are new to banking with ICICI Bank:

- Click on open new account.
- Fill up the necessary details in the page that follows and submit.
- The bank executives will get in touch with you after you save your details and help you open a new account.
- Once the account is opened, you will receive your User ID and Corp ID from ICICI Bank, which you will use them to integrate your Chqbook account with your ICICI Bank account; (You need to register for internet banking with ICICI bank).

3.2 If you are an existing user of ICICI Bank or open a new account with ICICI bank using above steps:

You must authenticate the CORPID and USERID by following the steps below:

- Click on link account.
- Fill in your Bank account details as supplied by ICICI and confirm the details.
